### Land Rover 1949 Soft Top series IOFC551

# £42,500

Engine: **0.0 Litre Petrol**

Age: **1949**

Transmission: **Manual**

Colour: **Green**

Mileage: **198 miles**

Body: **3 door Four Wheel Drive**

Green interior, Offered for sale is a beautifully presented 1949 Series One Land Rover, this is a UK vehicle and first registered in Oxford, restored to an exceptional standard and retaining approximately 95% of its original specification and character, certainly not over restored and with most Original galvanised cappings. This iconic vehicle has benefited from an extensive refurbishment, with careful attention paid to preserving the authentic details that make these early Series Ones so sought after by collectors and enthusiasts alike. The bodywork, chassis, interior, and period features all reflect the timeless simplicity and rugged charm of the original design.

The only significant deviation from factory specification is the fitment of a 2-litre engine, installed by a previous owner at some point in its history. This sympathetic upgrade provides a welcome increase in power and drivability while remaining in keeping with the vehicle's character. Whether destined for a collection, classic vehicle events, or simply to be enjoyed on the road, this 1949 Series One represents a rare opportunity to acquire a highly original and extensively refurbished example of one of Britain's most important motoring icons.

The engine runs perfectly and starts on the first touch of the button and its drives with classic charm. Dry stored and ready for its next adventure across a field, to the Pub or weekend show!

Only covered 198 miles from Rebuild 10 years ago.
